

Evaluation form Spark call 2020

A. Originality/Novelty of the proposed project

Indicate to which extent the starting point or theoretical/methodological approach chosen for the proposed project is original and/or new. Indicators of originality and novelty might be a lack of existing projects, literature or other scientific output on the topic. (The use of databases and search engines, such as dimensions.ai, Scopus, Google Scholar, etc., is permitted to search for similar research, if applicable).

Very high

High

Moderate

Low

Briefly explain your reasons for the rating:

B. Unconventionality of the idea

Indicate the extent to which, in addition to being original and new, the idea of the proposed project shows unconventional thinking and introduces a unique approach or hypothesis, and/or a non-standard methodology, or similar.

Very high

High

Moderate

Low

Briefly explain your reasons for the rating:

C. Scientific quality of the proposed project

Rate to which extent the project's research approach, methodology and organization are sound and convincing.

Very high

High

Moderate

Low

Briefly explain your reasons for the rating:

D. Potential for significant impact

Assess the potential for significant scientific, societal, economic, political, or cultural impact of the project. Does the idea hold the potential to bring about a transformative change of a central topic, pave the way for a new research area or new method/technology, and/or change the way members of society think and act think and act?

Very high

High

Moderate

Low

Briefly explain your reasons for the rating:

E. Overall assessment

Rank the present proposal. Summarize the main reasons for your ranking of the proposal in form of a short, balanced account of the main strengths and weaknesses of the proposal.

Excellent

Very good

Good

Poor

Briefly explain your reasons for the rating:

Anonymity

Was it possible for you to identify the identity, host institution and/or career level of the applicant from the project description? Please do not try to actively search for these information in other sources, i.e. by googling or similar.

Yes

No

If yes, write the name, host institution and/or career level of the applicant:
