

Ambizione call 2019: Results of the 13th Call

Summary

Ambizione enables young researchers in all disciplines to start doing independent research. The grants are aimed at young researchers who wish to conduct, manage and lead an independent project at a Swiss higher education institution.

The Ambizione funding period is four years. Ambizione is also open to young researchers with non-professorial research positions offering career prospects. As a result, applicants can request Ambizione grants with or without a salary.

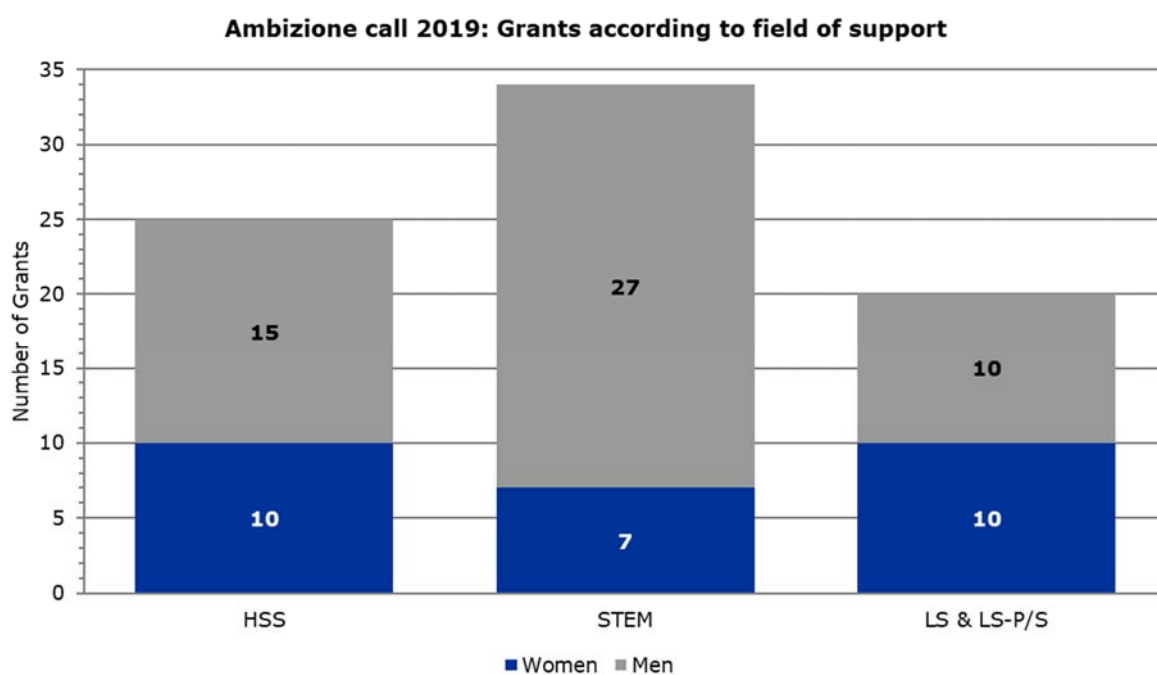

In November 2019, 404 applications were submitted for the 13th Ambizione call (Humanities & Social Sciences (HSS): 146 applications; Science Technology Engineering Mathematics (STEM): 159 applications; Life Sciences (LS): 74 applications; Life Sciences-PROPSEER/SCORE (LS-P/S): 25 applications). For the second phase, 143 candidatures were considered. These candidates were invited to an interview to present their project.

In August 2020, the SNSF awarded 79 new Ambizione grants (HSS: 25; STEM: 34; LS: 15; LS-P/S: 5). 15 Swiss research institutions will be involved when the grant awardees begin their work. This year, the targeted 35 % share of female grantees was almost achieved with 27 grants awarded (34.2%). The next call is already running since the beginning of August 2020 with a submission deadline on 1 November 2020.
